

Adult Inpatient Substance Use Disorder Program

Roxbury Treatment Center provides inpatient substance use disorder services with a specialization in co-occurring mental health disorders. We believe by addressing both addiction and mental health needs together our patients receive better outcomes.

DETOXIFICATION PROGRAM

- » Detoxification services conducted under close medical supervision
- » Comfort medications provided to alleviate symptoms related to the withdrawal process
- » Medical assessment and care provided 24-hours daily
- » Buprenorphine provided for those in need of opioid withdrawal

MEDICATION ASSISTED TREATMENT

- » Buprenorphine for Opioid detox
- » Sublocade, Vivitrol and oral Naltrexone for those wishing to continue maintenance medications while in treatment
- » Those who wish to continue Buprenorphine after inpatient treatment on a maintenance basis will be referred to an outpatient provider after discharge

SMART RECOVERY

- » SMART Recovery groups daily in addition to AA/NA as an alternative
